

HURRICANE ISAAC INFORMATION

St. Charles Parish has been included finally in the disaster parishes. Therefore we are eligible for the benefits from the state and FEMA. If you sustained any damage from the storm, please apply as needed!

Also - please contact your insurance companies to have your roof checked out. Just because you do not see damage that does not necessarily mean that your roof is not damaged. A lot of roof damage is not easily visible from the ground.

You may also want to check to see if you have "loss of use" coverage on your homeowners insurance policy.
